SECTION 8. The following provisions shall be replaced, modified or added as part of the Maxatawny Township Zoning Ordinance of 2012, as amended, Article V entitled "Supplementary Regulations", Section 565 entitled "Industrial Activities and/or Manufacturing Uses":

Section 565: Industrial Activities and/or Manufacturing Uses

- (c) All principal and accessory uses containing more than 50,000 cumulative square feet of gross floor area shall comply with the following requirements:

- (1) The uses shall be located at least 600 feet from a principal building occupied by an existing residential, institutional or educational use.
 - (2) The uses shall be located at least 300 feet from a designated residential zoning district, which shall include the A-R, R-1, R-2 and NC Zoning Districts.
 - (3) The required setback or separation distances shall apply to all principal and accessory uses, which shall include the proposed buildings and all related impervious surfaces required for the industrial activities and/or manufacturing use.
- (h) All principal and accessory uses containing more than 50,000 cumulative square feet of gross floor areas shall provide a landscaped buffer yard or area along the perimeter of the property, which complies with the following design options:
- (1) A sixty (60) foot wide earthen berm with a raised elevation of eight (8) feet shall be required in areas that do not have a natural buffer or concentration of mature trees.
 - (2) Where an existing natural buffer with concentration of mature trees is used to satisfy the requirements of this section, such area and vegetation therein shall be perpetually preserved and maintained as part of a landscaping or woodland protection easement.
 - (3) A combination of an earthen berm, landscaping screen, fencing or natural buffer may be considered provided that the selected materials provide a natural or visual buffer.

The types of materials utilized within the landscaped buffer yard and the designated width of the landscaping buffer shall be subject to the review and approval of the Board of Supervisors as part of the Conditional Use Application and/or Land Development Plan Application. The landscaped buffer yard shall be identified on the Land Development Plan and perpetually preserved as an easement.

- (n) An on-site snow scraper shall be provided on the property, capable of removing snow and ice from all permitted trucks, trailers and/or commercial vehicles that are located on the property.
- (o) All designated points of ingress and egress shall be located at least one hundred (100) feet from any property line except a street right-of-way line.

SECTION 9. The following provisions shall be replaced, modified or added as part of the Maxatawny Township Zoning Ordinance of 2012, as amended, Article V entitled "Supplementary Regulations", Section 592 entitled "Truck or Motor Freight Terminals":

- (a) All principal and accessory uses containing more than 20,000 cumulative square feet of gross floor area shall comply with the following requirements:
 - (1) The uses shall be located at least 600 feet from a principal building occupied by an existing residential, institutional or educational use.
 - (2) The uses shall be located at least 300 feet from a designated residential zoning district, which shall include the A-R, R-1, R-2 and NC Zoning Districts.
 - (3) The required setback or separation distances shall apply to all principal and accessory uses, which shall include the proposed buildings and all related impervious surfaces required for the truck or motor freight terminal use.
- (i) All designated points of ingress and egress shall be located at least one hundred (100) feet from any property line except a street right-of-way line.
- (n) All principal and accessory uses containing more than 20,000 cumulative square feet of gross floor area and/or the site is designed or capable of being used to store, park or maintain more than thirty (30) trucks and/or trailers at any given time shall provide a landscaped buffer yard or area along the perimeter of the property, which complies with the following design options:
 - (1) A sixty (60) foot wide earthen berm with a raised elevation of eight (8) feet shall be required in areas that do not have a natural buffer or concentration of mature trees.
 - (2) Where an existing natural buffer with concentration of mature trees is used to satisfy the requirements of this section, such area and vegetation therein shall be perpetually preserved and maintained as part of a landscaping or woodland protection easement.
 - (3) A combination of an earthen berm, landscaping screen, fencing or natural buffer may be considered provided that the selected materials provide a natural or visual buffer.

The types of materials utilized within the landscaped buffer yard and the designated width of the landscaping buffer shall be subject to the review and approval of the Board of Supervisors as part of the Conditional Use Application and/or Land Development Plan Application. The landscaped buffer yard shall be identified on the Land Development Plan and perpetually preserved as an easement.

SECTION 10. The following provisions shall be replaced, modified or added as part of the Maxatawny Township Zoning Ordinance of 2012, as amended, Article V entitled "Supplementary Regulations", Section 593 entitled "Warehouse, Wholesale and/or Distribution Facility":

- (c) All principal and accessory uses containing more than 50,000 cumulative square feet of gross floor area shall comply with the following:

 - (2) The uses shall be located at least 300 feet from a designated residential zoning district, which shall include the A-R, R-1, R-2 and NC Zoning Districts.
 - (3) The required setback or separation distances shall apply to all principal and accessory uses, which shall include the proposed buildings and all related impervious surfaces required for the warehouse, wholesale and/or distribution use.
- (o) All designated points of ingress and egress shall be located at least one hundred (100) feet from any property line except a street right-of-way line.
- (t) Warehouse, wholesale and/or distribution uses containing more than 50,000 cumulative square feet of gross floor areas shall provide a landscaped buffer yard or area along the perimeter of the property, which complies with the following design options:
 - (1) A sixty (60) foot wide earthen berm with a raised elevation of eight (8) feet shall be required in areas that do not have a natural buffer or concentration of mature trees.
 - (2) Where an existing natural buffer with concentration of mature trees is used to satisfy the requirements of this section, such area and vegetation therein shall be perpetually preserved and maintained as part of a landscaping or woodland protection easement.
 - (3) A combination of an earthen berm, landscaping screen, fencing or natural buffer may be considered provided that the selected materials provide a natural or visual buffer.

The types of materials utilized within the landscaped buffer yard and the designated width of the landscaping buffer shall be subject to the review and approval of the Board of Supervisors as part of the Conditional Use Application and/or Land Development Plan Application. The landscaped buffer yard shall be identified on the Land Development Plan and perpetually preserved as an easement.

- (z) Warehouse, wholesale and/or distribution uses shall not be planned or developed as a truck or motor freight terminal. All trucks or trailers that are stored on the

property shall be in a state of active use or transit. All such vehicles shall not be stored on the property for fourteen (14) consecutive days.

SECTION 11. The Maxatawny Township Zoning Ordinance of 2012, as amended, shall be and remain unchanged and in full force and effect except as amended, supplemented, and modified by this Ordinance. This Ordinance shall become a part of such Zoning Ordinance upon enactment.

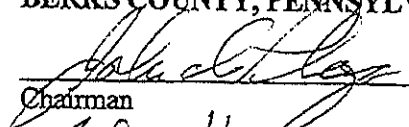

SECTION 12. Repealer. All Ordinances or parts of ordinances inconsistent herewith are hereby repealed.

SECTION 13. Severability. If any section, subsection, clause, sentence, paragraph or part of this Ordinance shall, for any reason, be adjudged by a court of competent jurisdiction to be invalid, illegal, or unconstitutional, such invalidity, illegality or unconstitutionality shall not affect, impair or invalidate the remaining provisions of this Ordinance. It is hereby declared to be the legislative intent of the Board of Supervisors that this Ordinance would have been adopted had such provisions not been included herein.

SECTION 14. Effective Date. This Ordinance shall become effective five (5) days after enactment, as provided by law.

ENACTED AND ORDAINED as an Ordinance of Maxatawny Township, Berks County, Pennsylvania, this 4th day of March, 2024.
